

Weather Routing Inc. (WRI) is Pleased to Provide Weather Forecasts for the Scotch Bonnet Light Race

August 7, 2026: WRI will be providing an initial outlook forecast on August 27th, 2026, with daily forecasts available to all participants into the 29th. These forecasts will be available by visiting [this link](#). Weather maps and products specifically created for this event are also available at that link.

In addition, you can create your own complimentary trial account for SeaWeather.net, our supplemental online service, by visiting [this link](#). This account will connect you with additional forecasting products and charts specific to the Scotch Bonnet Light race. **Note that this SeaWeather.net trial does not include our customized forecasts for the event; please visit the above link for this.**

Forecasts for the race will be for two gridded areas – Scotch Bonnet North and South, as seen below.

Certificates for a complimentary forecast package from Weather Routing will be distributed by the event's organizers. These are good through December 31, 2029, and include a complimentary verbal or written forecast along with a month of our SeaWeather.net supplemental weather website. They can be used for any forecast request, for another event, transit, or vicinity forecast, whether in Lake Ontario or anywhere in the world. These can be redeemed by calling 518-798-1110 X 1 or by emailing WRI at wri@wriwx.com and providing the coupon number.

About Weather Routing Inc. (WRI): WRI is the world leader in marine weather forecasting, providing forecasts and routing to a wide variety of clients, including: races, regattas, rallies, fishing tournaments, yachts, cargo ships, cruise lines, and marinas.
